

Upfront, transparent and affordable pricing

Every stage is priced clearly before you reach it, and **you only pay for each stage as you get to it**, never the whole matter up front. The figures below are a guide based on the time most matters take. If yours needs more time, extra sessions are charged at the same clear rate, never a surprise. The discovery call is free.

Good to know

You pay one stage at a time. Nothing is charged up front for the whole matter. Each stage is agreed and paid before it begins, so you always know what the next step costs before you commit to it.

The guide figures reflect a typical matter. Some matters resolve in fewer hours, some need more. Any additional mediation time is charged at \$195 per hour, per party, at the same rate shown here. There are no hidden extras and no surprise invoices.

If a matter is not suitable for mediation. If, at intake, the matter is found not suitable, that stage is complete and chargeable. An s60I Certificate can be issued so a parenting application may proceed to court. Because you pay stage by stage, nothing further is owed for stages not reached.

How to get started

Call **1800 957 253** or book online for your free discovery call. If we are the right fit, we send your intake link and a short agreement to mediate, and go from there.

Paying your fees. Fees are payable per party and can be paid securely by card, or spread into interest free instalments through Stripe. Court filing fees are set by the Federal Circuit and Family Court of Australia and are paid directly to the court.

Your safety comes first. Every matter is screened before mediation begins. If mediation is not safe or appropriate, we will tell you and set out the options available to you. If you are ever in immediate danger, call 000.
